CARE PARTNERS CHARITY THRIFT SHOP

475 ATLANTIC AVENUE

BETWEEN NEVINS AND 3RD

FRIEND: \$75 ADVANCE | \$100 AT THE DOOR

PATRON: \$200 BENEFACTOR: \$500

The evening will help support implementation of the Doorway Lighting Project and kick off "May Days & Nights" — a shopping event on May 8-9 to explore Atlantic Avenue's unique retail character and merchant establishments.

The Atlantic Avenue Local Development Corporation (AALDC) is launching a unique lighting project, designed to provide a feeling of safety and welcome on Atlantic Avenue while enhancing its unique architecture. The first tangible result of the Atlantic Avenue Master Plan, the project will light residential and commercial doorways to illuminate the street at night. We are now in a pilot phase with funding for one block. In order to continue and light buildings on other blocks, support is needed. This lighting project officially begins implementation of "Building the Boulevard," Atlantic Avenue's Master Plan, sponsored by the AALDC and over 50 community groups, businesses, and elected officials.
